- Recruiting Bus Drivers

## ***SafePupil Bus Driver and Safety Training***

We currently have an agreement with SafePUPIL to provide free bus driver and safety training for your district employees. This site provides access to hundreds of on-line training opportunities for all of your district staff. To begin your registration process with the SafePUPIL program please contact Cindy Morgan at SafePupil at 903-792-3866, Ext.127 or at [Cindy.morgan@verticalag.com](mailto:Cindy.morgan@verticalag.com). Tell her you are with the PayneWest Montana School Program. Cindy will need the name and contact information of your School Representative. Once the initial contact is made, you will receive a welcome packet from SafePUPIL along with your enrollment information. If you contract your school district's bus service and your contractor is insured through PayneWest Insurance, they are also eligible for this free service. They can also contact SafePUPIL directly and tell them they are the current bus contractor for your school.
